2.1	Data Collection	2
2.2	Analysis Techniques	2
3	Results	3
4	Conclusion	4
A	Appendix A: Additional Data	5

Chapter 1

Introduction

This is the introduction to the report. You can include background information, context, and the motivation for your project.

1.1 Purpose

The purpose of this report is to demonstrate how to create a structured report using $\text{\LaTeX}$.

Chapter 2

Methodology

Describe the methods used in your study or project.

2.1 Data Collection

Data were collected through surveys, experiments, or simulations.

2.2 Analysis Techniques

The collected data were analyzed using statistical methods such as regression or hypothesis testing.

$$E = mc^2 \tag{2.1}$$

Chapter 3

Results

You can include tables and figures to present your findings.

Table 3.1: Example Table

Sample	Value	Result
A	10	Pass
B	7	Fail
C	9	Pass

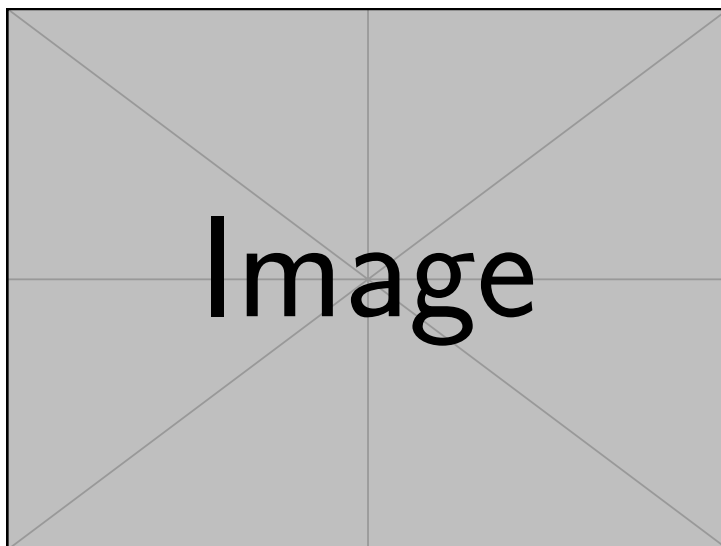

Figure 3.1: Example Figure

Chapter 4

Conclusion

Summarize your work and discuss implications or future work.

Chapter A

Appendix A: Additional Data

Extra materials, code, or detailed tables can go here.

Bibliography

- [1] Author, A. (2025). *Title of the Paper or Book*. Publisher or Journal Name.
- [2] Author, B. (2024). Another Reference Example. *Journal of Examples*, 12(3), 45–56.
